In the United States a pacemaker registration form is filed out and sent to the manufacturer after your pacemaker is implanted. It allows the manufacturer to notify your physician of any relevant information concerning your pacemaker.

Registration is required. If your pacemaker is implanted in the United States, the Food and Drug Administration (FDA) Device Tracking Regulation requires that all pacemaker manufacturers register its pacemakers and pacing leads. If you live outside of the United States, check with your physician to see if your country has registration guidelines.

Registration is confidential. Your registration information becomes part of a confidential computer database that is continually updated to ensure the information is accurate and current.

Change of Address or Physician 3/1/18

If you have a Medtronic pacemaker and reside in the United States, always notify Medtronic if you change your address, area code or telephone number or if you change physicians.

Keeping your records current helps Medtronic notify your physician of any important information concerning your pacing system.

Below is the current registration information about you. You can make updates and select submit to send them to us.

Patient Name	Smith, John
Address:	123 Main St
City, State, Zip	Fridley, MN 55432
Telephone	(612) 514-4000

Doctor who checks your pacemaker: Dr. Bill Jones

My Account Medtronic

Pacemaker Identification (ID) Card

In case of an accident, if you're ever in a situation requiring medical care, your card will inform those attending you that you have a pacemaker.

Temporary and permanent ID cards. You will receive a temporary ID card from the hospital, and you will receive your permanent, plastic ID card from Medtronic when you return home from surgery.

If you don't have your ID card with you, Your pacemaker physician or manufacturer can tell you the model and serial number of your pacemaker. Your physician will be able to advise other medical personnel about your care.

If you lose your ID card, You can [print a copy](#) of your ID card here. You can also contact Medtronic to request a new one by clicking Request ID Card or contacting Medtronic at the following telephone number or address:

1-800-551-8544
Hours: 8:00 a.m. to 5:00 p.m.
